**IN THE CABINET**

Theo. F. Lansing Appointed Minister of Finance.

Minister Cooper's Ad Interim Commission Had Expired.

When Minister Damon left here on May 5th, Minister of Foreign Affairs Cooper was commissioned Minister of Finance ad interim for the legal period of 60 days. Before his departure, Minister Damon tendered his resignation, to be accepted in case of necessity. As matters of importance are to be transacted in the Finance Office, and as Minister Cooper's commission has expired

THEO. F. LANSING,  
Minister of Finance.

by the legal limitation of 60 days, he felt unwilling to go on with the work and have his right to act in the capacity as Minister of Finance be questioned.

The most important matter at hand in the Finance Office is the signing of the commissions of the Tax Appeal Board, and the Cabinet did not wish the authority of the signer of the commissions to be questioned. In order that all doubts might be set aside, a meeting of the Cabinet was held yesterday, and Theodore F. Lansing, of the M. Phillips & Co., commissioned as Minister. On Minister Damon's return, Mr. Lansing will probably retire and Mr. Damon will be offered the portfolio.

Theodore F. Lansing, the new Minister of Finance, was born in Saratoga, New York, 45 years ago, but lived his boyhood days in Albany. When about 20 years old he left the East and took up his home in the mining districts in California for a time and then centering in San Francisco.

Fourteen years ago he was tendered a position as bookkeeper for the firm in which he is now a member, the proposition coming from Mr. Phillips, who then resided in San Francisco. Mr. Schlesinger was manager at the time, and continued so until 1893, when he withdrew to make his home in California. Then Mr. Lansing was appointed manager, and two years later, January 1, 1895, he was admitted to partnership, and by his sterling business methods the firm ranks with the best in the city.

Mr. Lansing's connection with politics in the Islands began with the overthrow of the monarchy. He was made one of the Committee of Safety, in whose hands were placed the task of regulating the affairs of Government. During the period of existence of the Committee of Safety Mr. Lansing showed himself to be cool-headed and competent to sit with his colleagues in discussing grave matters of state.

When the Advisory Council was formed, Mr. Lansing declined to become a member of it, as he has declined other offices under the Government, owing to press of business, the only exception being his membership in the Board of Health, to which he was appointed in 1894.

He was the organizer of the Pioneer Building and Loan Association, and was, for three years, its secretary and treasurer, during which period he brought the association to a splendid financial standing. For the past two years he has filled the president's chair in the association. When the Healan Boat and Yacht Club was incorporated Mr. Lansing was promptly elected president, and continues to take a very active interest in its affairs. Besides his interest in the firm of M. Phillips & Co., he is largely interested in the Olua Coffee Company, which is now developing one of the largest tracts of land in the coffee district of Olua.

Mr. Lansing is recognized as a capable man for the office of Minister of Finance. He is conservative to a degree in his business relations, and the same methods which have characterized his conduct in the affairs of his firm will be extended to the Finance Office.

**Warm Debilitating Weather.**

Many people, after a long spell of oppressive heat, suffer from lassitude, loss of spirits, and a general "run down" feeling. They need a course of Ayer's Sarsaparilla, a medicine which has revived and restored to active life and health thousands of such sufferers. A lady recently returned to England from South Africa writes concerning this

**"Wonderful Medicine"**

"While in Cape Town the past summer I suffered greatly from the long-continued heat. I was completely worn out; my blood seemed to become as thin as water, and I lost all energy and interest in life. My friends recommended Ayer's Sarsaparilla, and a course of this wonderful medicine restored my health and spirits. My husband suffered in the same way as I did, though not to such an extent, and he also was greatly benefited from the use of

To say much about our cut-glass, but then there are so many weddings this month, that it occurred to us that a suggestion might not come amiss.

Glass is such a close second to silver for wedding gifts, and you are so apt to choose the former, that we want to impress upon you again, the great merits of

**Hawke's Cut-Glass**

So much glass is on the market today—cut-glass to be sure, but finished in a cheap manner by dipping in acids, which gives it a temporary lustre, but which fades as soon as put in use—that extreme care must be exercised when purchasing this class of goods.

"Hawke's glass" being the finest in existence, no question need ever be raised as to its permanent finish. It is guaranteed to be hand finished throughout.

"Hawke's glass" is also the cheapest, because it has more honest cutting to the square inch than any other make at the same price; and above all it is the "whitest" glass in existence today.

Prices range from \$2 to \$50; a range sufficient for a purchase of any amount.
